# FROM DATA TO DECISION-MAKING

YOUR  
DIGITAL  
COMPLETIONS  
SOLUTION

**CUSTOMER DATA VISUALIZATION**  
VIA YOUR APPLICATION OF CHOICE

Spotfire WellView Power BI CORVA

**COLIBORE**  
TECHNOLOGY

Your all-in-one solution for real-time completions data: **Standardized, Organized, and Accessible** on any device at any time.

**\$1.5 BN**

Yearly Capital Efficiency Gain reported by major operator

**\$30 MM**

Efficiency savings

**58% Improvement**

On well swap transitions, saving engineers between 4-6 hours/week

This is for all services from:

**FRAC • WIRELINE • PUMPDOWN VALVES • WATER • WEATHER AIR QUALITY • CHEMICALS SAND • OFFSETS • SOUND AND MORE**

SmartPAD transforms complex completions data into clear, actionable insights, empowering operators to make smarter, faster decisions. By centralizing and synchronizing second-by-second data in real time, SmartPAD streamlines operations, reduces costs, and eliminates hours of data auditing.

With real-time access, automated reporting, and seamless integration, **It's Your Data, Your Way, Every Time.**
